## Her Vision is Our Mission

with Paul Armstrong

We are passionate about empowerment; not only the empowerment of the individual to achieve her own personal heights of success, but also instilling her with the desire to pay it forward, while equipping her with the tools and skills to truly affect change in the lives of others. Her vision really is our mission, and as we continue to reconnect with our core values, fixing our eyes on the prize of changing lives, we are sure to experience breakthrough on both a personal and professional level.

A great example of this is the lovely Srimi van Rossum (opposite), who through helping others achieve their dreams has been able to realise many dreams of her own. The ability to work from home and spend more time with her family, financial freedom, and international travel (Srimi and her husband just enjoyed an adventurous trip to Cape Town, South Africa!), are just a few of the life-changing outcomes that have transpired for Srimi as a result of adopting an outward focus. What a beautiful illustration of how building the dreams of others will inevitably see our own dreams take flight.

It's my passion for every reader to experience this kind of freedom; the freedom to live a life of realised dreams as a natural progression of uplifting others to do the same. This is why I am thrilled to share our new tools (pp 4-9) with you; they are designed to support every step of your Nutrimerics journey. The new Opportunity Booklet, Opportunity DVD, Dream Start Programme and fabulous NEW Kit are extremely effective tools destined to make sharing our Opportunity a whole lot easier! We have put our heart and soul into creating the most effective tools to benefit you, your team, and your business, as it is our mission to see every one of you thrive.

With this in mind, I'm even more excited about the timing, because you now have the awesome and very achievable goal of International Seminar 2013: Club Med Phuket, Thailand, to motivate you to seize the day and take action. What better goal to have in your mind, as you change lives, develop your team and grow your business. And the even better news is that Extravaganza! 2012 (also known as the ultimate Nutrimerics Consultant's source of personal and professional development) is just around the corner. Can you see yourself, your team, or perhaps even your best friend basking in the sunshine of our very own tropical oasis at Club Med Phuket, Thailand? If the answer is yes, then you absolutely want to soak in all the momentum you can get at this year's Extravaganza! (pg 10).

With so many exciting new developments, June is a month exploding with possibility. With new literature, international incentives, and exceptional events all knocking at your doorstep, let's make this a month to remember.

## Sponsor Your Way to International Seminar 2013

### Sponsoring = Success

As a team you have multiple talents, time and energies, with exceptional potential for growth giving you the ability to do hundreds of Parties every month!

### —Party Princess

People like to 'see' a live job description and there are not many companies who invite you to experience this before you join. We offer just that - the chance to see exactly what being a Nutrimerics Consultant is all about. If we do our job well, have lots of fun, and inspire our guests, everyone will want to join!

### —Srimi's Top Ten:

- Be very clear on your vision and what you want to achieve with Nutrimerics.
- Confidently make contact with the people that you think would be interested in our Opportunity.
- Choose the right words by being an attentive listener and ask for an appointment to have a coffee. Be excited!
- Prepare for the meeting with all of our fabulous NEW literature: Dream Sheet and Opportunity Booklet.
- Be on time.
- Tell them why you think they would be a great addition to your team.
- Share Your Story: a short explanation about how you became involved with Nutrimerics, and the positive impact this experience has had on your life.
- Ask them to share their own dream and show them how Nutrimerics can help them to achieve it. Explain how they can get started right away by simply purchasing their Consultant Kit.
- Believe you can lead a great army of women to achieve their dreams - not just one or two.
- Teach your team to do what you do.

Srimi van Rossum ESM, NSW

*Sponsoring: sharing the Opportunity with someone else and inspiring them to join the business.*

### —Sponsoring Support

- The newly-launched Opportunity Booklet! I plan to use this while incorporating My Story as I take my potential Consultant through it.
- Showing pictures of the great rewards I've earned, time with my kids and photos of my team have really helped to illustrate all that's possible.

### —Objection? Overruled!

*"I can't do Parties, I just can't sell."*

If you came across a great restaurant, had a wonderful meal, enjoyed the evening and left with a fantastic price, would you not call all your friends and tell them? With the Nutrimerics Party it is the same principle - you just share your experience with a bunch of girls and let them decide if Consulting is for them.

*"I don't have time to do Parties as I work full time."*

How would an extra \$1,000 per month help you financially at the moment? Imagine if you could do one or two Parties a week, at two hours per Party, and earn \$1,000 per month!

*"My husband doesn't like me doing this sort of thing."*

My husband was not keen for me to quit my \$250K job and become a Nutrimerics Consultant either, but after our first international trip, he was completely hooked - now he wants to quit his job and support me!

### —Congratulations on achieving Cape Town, South Africa!

Words cannot describe the joy I felt when my husband and I achieved International Seminar 2012! A little planning and determination means you can achieve any goal! I didn't really focus on the trip when it came to developing leaders. I was developing GLs because they were ready for it; however this really helped us achieve our target for International Seminar.

### —So changing lives is what led you there?

Showing someone else how to change their life, financially and personally, automatically changes yours. Give a man a fish and you feed him for a day. Teach him how to fish and you feed him for a lifetime.

### —Set your sights on Club Med Phuket, Thailand 2013!

- Have ten Parties in your diary each month throughout June, July and August.
- Sponsor five Consultants per month.
- Help them achieve their Dream Start Programme and set them up with a plan to elevate to ESM within 12 months.
- Ensure you have two GLs by September.
- Do this every month and you will achieve the trip to Phuket.

# Changing Lives

We believe in the potential of every dream, now it's up to you to link arms with the dreamers.

It's no secret that we are reconnecting with our core value of changing lives. You could say that we are viewing the Nutrimerics Opportunity as 'our' Opportunity, or better yet 'her' Opportunity. We are focusing our gaze onto the dreams of others. Gone are the days of simply offering a one-dimensional business proposition; instead you hold within your hands the chance to significantly impact the lives of those around you.

When you embark on your Nutrimerics journey, you are commencing quite an exciting adventure. YOU have the power to impact change in the lives of others, and as you fix your eyes on bringing their dreams to life, the natural progression will be for your own dreams to take flight as you build your team and grow your business. A great question to ask yourself is:

“Do I know the dreams of every member in my team?”

# The art of capturing dreams

## Step One: Make a Connection

We have a new tool coming your way to make connecting with your potential team members a success: our new Opportunity DVD. This is designed to spark interest in Nutrimerics, with clues to help them identify their own personal dreams, needs and desires. You may want to carry a few Opportunity DVDs in your handbag at all times, as you never know when opportunity may strike – remember that success is where opportunity meets preparation! This tool is intended to take the pressure off approaching new prospects, so allow it to do some of the talking for you!

### Opportunity DVD:

A DVD of Consultant testimonials and gorgeous, professionally-shot footage; beautifully presented in a compact foldout case with eye-catching imagery, and a short and sweet blurb on the hidden gem that is the Nutrimerics Opportunity.

Opportunity DVD  
\$1.00 each non BV (91705)

## Step Two: Capture the Dream

Once you have made the connection, it's time to sit down and see where Nutrimerics fits into the picture. Our Opportunity Booklet and Dream Sheet are fantastic, visually stimulating tools that utilise the power of imagery to help people connect the dots between their dreams and our Opportunity. Essentially these tools demonstrate in a fun, relatable, easy-to-understand way how simple it is to achieve your goals through the Nutrimerics Opportunity.

### Opportunity Booklet:

A lightweight, handbag-sized booklet that spells out how Nutrimerics can help every individual achieve their dreams with the use of engaging imagery and simplified text.

Opportunity Booklet  
\$1.00 each non BV (91713)

### Dream Sheet:

Begin capturing dreams with this bright and beautiful sheet of possibilities, achievable for every Nutrimerics Consultant.

Dream Sheet  
\$0.30 each non BV or \$2.50 for 10 (91714)

## Step Three: Give Their Dreams Wings

Now that your new Consultant is sponsored and rearing to go, we've put a fantastic new Kit structure in place to see them reach their full potential with amazing incentives - guaranteed to keep them motivated every step of the way.

### New Kit:

A stylish, professional beauty case with a great range of skincare solutions to set your new Consultant on the road to Party Planning victory. This will also include the Dream Start Booklet, outlining our fantastic new incentive programme.

### Join Nutrimerics on the NEW Kit on our introductory offer at \$149:

# Four Weeks to a Younger You

Forget fantasising about a younger you; discover that youthful Goddess buried deep within your skincare's soul and reinvent your skin's persona with our all-in-one Ultra Care+ Facial Rejuvenation Kit! Ladies and gentlemen (yes even the fellas should be getting into this one!), allow us to introduce to you, the magnificence of the masque. In just one, weekly, pampering step, you have the power to change the face of your complexion's destiny. All you need is four weeks, and the desire to look your very best and you're ready to rumble!

## Why masques?

Masques are an ideal way to boost treatments and see better results for your skin. Using a masque at night and following with your night crème creates optimal conditions for skin rejuvenation and repair while the body is in its rest phase.

**98%** of women saw firmer skin after one application\*

## So how do I do this?

At night after cleansing, unfold masque, and place it directly over the face patting down gently, starting from the eye and nose contours. Leave on for 15 minutes, and then remove and dispose of the paper masque. Massage in or tissue off any remaining concentrate. Use one masque each week in the following order: Detox, Hydrate, Brightening and Firming.

## Sample Sachet

Ultra Care+ Firming Masque Pack of 5 Firming Masque Sachets^  
(154031) \$10.00 non BV

\*Consultant testing for a single use of the Firming Masque.  
^Available while stocks last.

## Week 1 Ta Ta Toxins

Detox Masque / Echinacea Extract: Soothes the skin and enhances the detoxification process.

Week one it's out with the old and in with the new. Your skin is merely a reflection of your inner health, and that includes mental and emotional as well as physical. Basically, happy people have great skin! So let this encourage you to take some 'me' time; do a yoga class; enjoy a walk on the beach; catch up with your girlfriends, and as you slowly start to detox from excess stress and internal clutter, which will most probably result in a better night's sleep (every gal's anti-ageing secret), you will notice a remarkably rejuvenated complexion. Week one is a walk in the park: all you have to do is have a little fun while you remove 'toxins' from your environment, as our Detox Masque goes to work removing toxic build-up from your skin!

## Ultra Care+ Facial Rejuvenation Kit

4 x Paper Masque (10978) \$39.00 RRP

## Week 2 Drink it in

Hydrating Masque / Hyaluronic Acid: Intensively moisturises by attracting, retaining and locking in moisture to keep skin hydrated and radiant.

Week two is all about water, or more specifically, hydration. Drinking water is the easiest, cheapest and most effective way to ward off the visible signs of ageing. While it's extremely important to follow an effective skincare regime, all of your efforts will be in vain if your body is in a constant state of dehydration. Think of dried fruit - in its natural state it is made up of over 90% water - makes sense when you imagine biting into a juicy apricot. Now think of the texture of dried fruit with most of the water removed; it's shrivelled, drastically reduced in size and not very pretty to look at. Well our friends, your skin is no different, so drink up! This week aim to drink two to three litres of filtered water each day, as our Hydrating Masque takes care of the moisture levels on the outer layers of your skin.

## Week 4 Firm Baby Firm

Firming Masque / Oat Protein: Firms and restores skin's youthful appearance.

This is the week to literally move it or lose it! We all know that exercise is great for just about everything: cardiovascular fitness, healthy sleep patterns, weight loss, muscle tone and strength, balanced moods, injury prevention, and just feeling simply amazing all round. BUT, did you know that sweating it out also leaves your skin looking gloriously youthful? All you have to do is pop in that Zumba DVD (or hit the gym, take a Pilates class or call a friend for a brisk walk) and get your pulse racing with a few Latin moves, and your heart and lungs will pump oxygen-rich blood vigorously throughout your entire body. This oxygen supply is what makes your skin look flushed at the time of exercise, after which you are left with a healthy and soft glow. Yes, you heard correctly - while you firm your (already superb) derrière, your skin enjoys a boost in luminosity. Post workout, let your limbered limbs relax, as our Firming Masque continues to give your skin an anti-ageing workout.

## Facts

### Miracles do happen!

Every masque contains the miracle-working active ingredient Purslane Extract, renowned for boosting collagen for plumper, smoother skin.

## Week 3 Bright and Beautiful

Brightening Masque / Vitamin B3 (Niacinamide): Lightens the appearance of pigmentation.

Week three we are consciously saying NO to sun damage. If you already have visible signs of pigmentation, then even the slightest over-exposure to the sun will see you waking up the next day with some excessive shadowing. Two words: not hot! On the other hand, if you're a youthful lovely with a picturesque complexion don't be fooled into thinking that your skin is infallible. Even though we are coming up to the winter months, overcast days can still result in unsightly sun damage, so regardless of your age always ensure that your moisturiser and foundation contain at least SPF factor 15. Our Brightening Masque will revive your skin, but it's up to you to keep it in pristine condition.

# Dream Car

**Danielle Daly**  
NSW

Achieving Dream Car has literally been a dream come true! I have had the most amazing journey over the past two years with Nutrimetics. I could not have achieved this without my fabulous team so I thank each and every one of you! Being an ESM with Nutrimetics is the best job in the world and by far the best company to work for. If you have a desire or a dream to make a success of yourself with Nutrimetics then go for it, you have nothing to lose and absolutely everything to gain!

**Renee Remaili**  
NSW

Dream Cash is such a wonderfully-rewarding incentive. It's just amazing to earn an extra \$35,000 on top of your yearly package. What other company would offer that! What would you do with an extra \$35,000? I am so in love with my business; I have the privilege and honour to work with the most intelligent, enthusiastic and compassionate team ever. It's so fantastic to empower women with flexibility, independence and the freedom to feel confident to live out their dreams.

**Jeanette St Clair**  
VIC

Thankyou Nutrimetics for your wonderful incentives! Choose your dream and Nutrimetics can be the vehicle to help you achieve it; five weeks in France and a Mediterranean cruise - all paid for with Dream Cash! Helping others to achieve their goals always makes it easier to achieve your own. A big thankyou to the lovely members of my team; I appreciate each and every one of you. Thanks KJ, Lynne and Pauline and the Victorian managers for your support. Thankyou to my gorgeous husband John; you have always been my biggest support throughout my Nutrimetics journey over the past 24 years.

Had to share this text message I just got from a customer! I sold her a Clear Skincare Set last week: "I love you! I've only used my new product like four times and my skin is sooo much better, its lost that all over oiliness and with the pimple cream all the zits on my chin have dried up and are going away - yay! It's a miracle! Death to zits! Thank you so much =)"

Exclude the very essence of a true styling professional with the ultimate charm and grace of your oh-so-glam Jewellery Demonstration Case

# Hey there, stylist extraordinaire!

### Confident Charisma

Strut your stuff girlfriend; you should be feeling like an 'it' girl at every Party. Visualise how amazing you'll look and feel as you enter every home with your svelte Jewellery Demonstration Case. If your guests look up and see a charismatic-charmer staring back at them, they are more likely to have confidence in your product recommendations. Make no mistake about it, first impressions last.

### The Power of Presentation

Now that you've made an impressive entrance, it's time to ensure that you demonstrate our spectacular array of jewellery with the utmost professionalism; this is when you want to have this little bad boy by your side! Presenting our beautiful accessories in this stylishly-modern case sends out the message that you are not only a true beauty professional, but an on-trend fashionista who can be trusted to finish off every look with just the right amount of feminine-finesse.

**Jewellery Demonstration Case \$29.90 Non-BV (9457)**

Case supplied empty - jewellery not included.

### Interaction Breeds Interest

Now my presentation princesses, once you've stepped down from your demonstrative throne, it's important to provide a comfortable environment for your guests to enjoy some highly anticipated girly-play-time. Put simply, having our jewellery ranges on display in an easy-to-access case will encourage your guests to touch and feel the pieces. And we all know that as women, once we've caught a glimpse of ourselves wearing something that makes us look and feel superb, it's pretty much impossible to leave without it!
